

ry2009d pp500 gamma QA

Wei Li

Event collision vertex & vz_diff

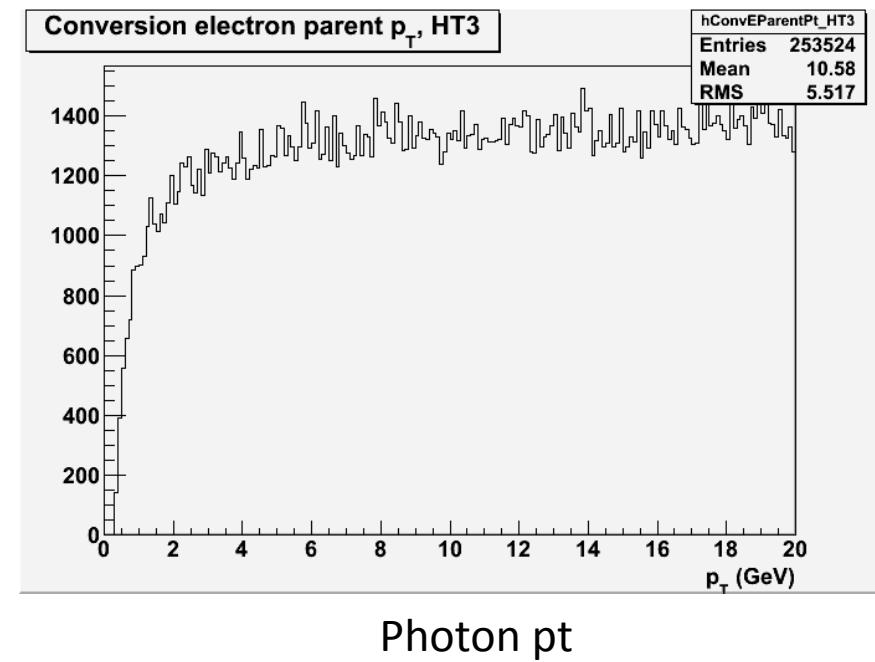

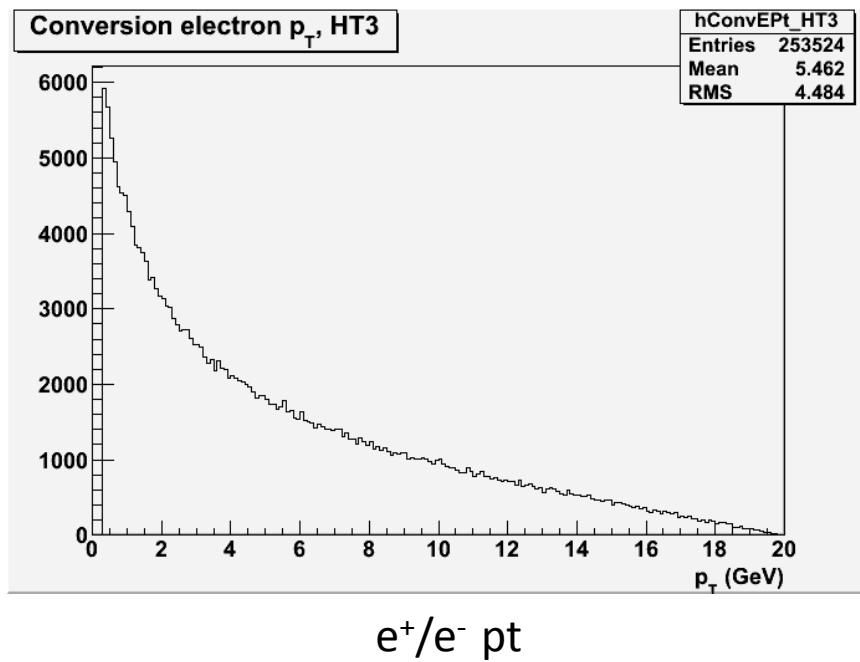

Primary vertexZ

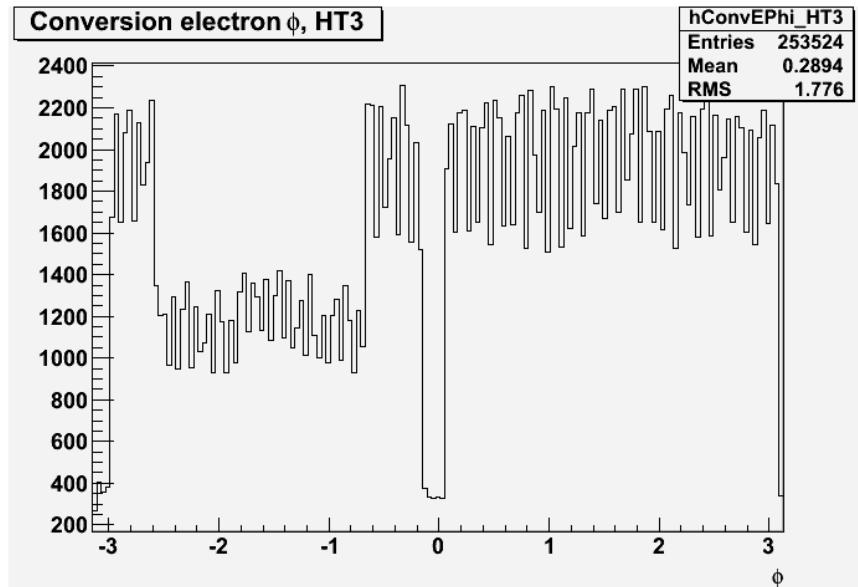

Difference between primary vertex_z and sim vertex_z

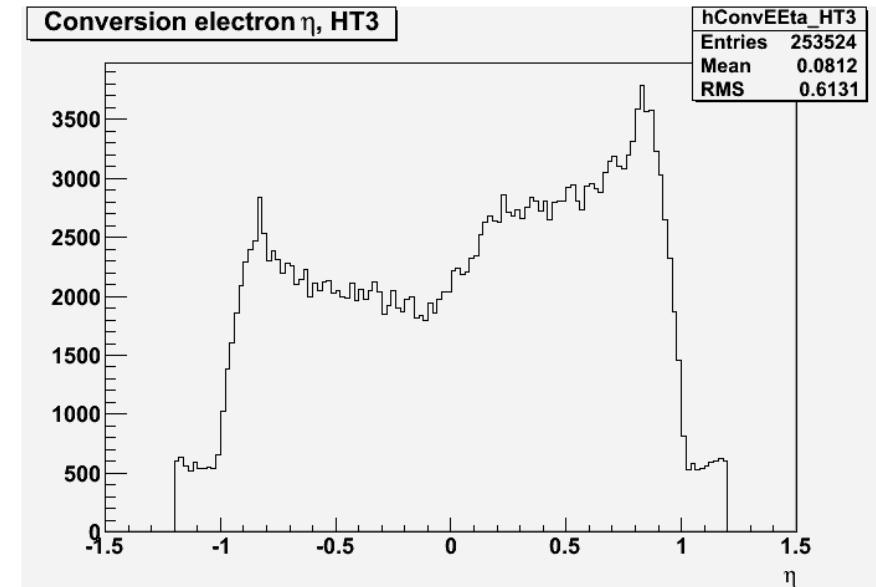

MC e^+e^- & photon pt distribution

MC e^+e^- phi & eta distribution from gamma conversion

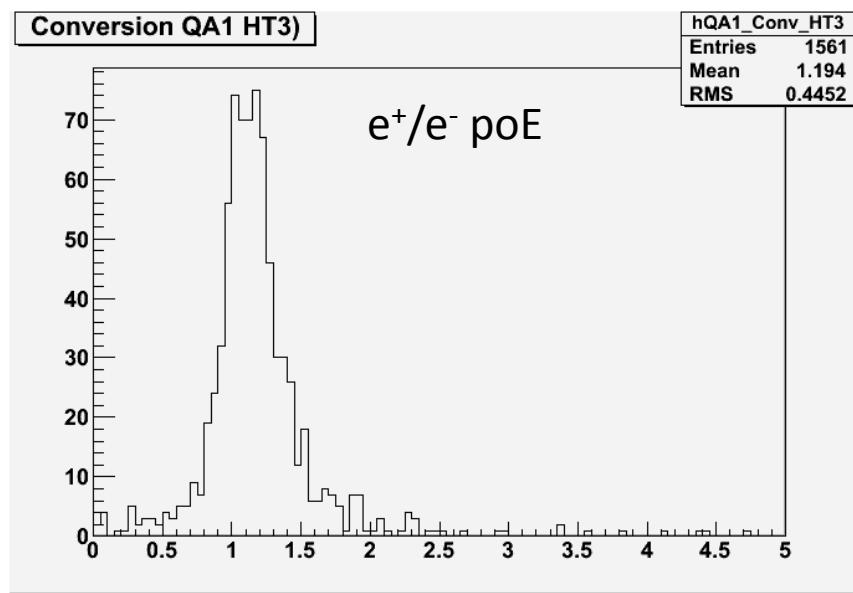

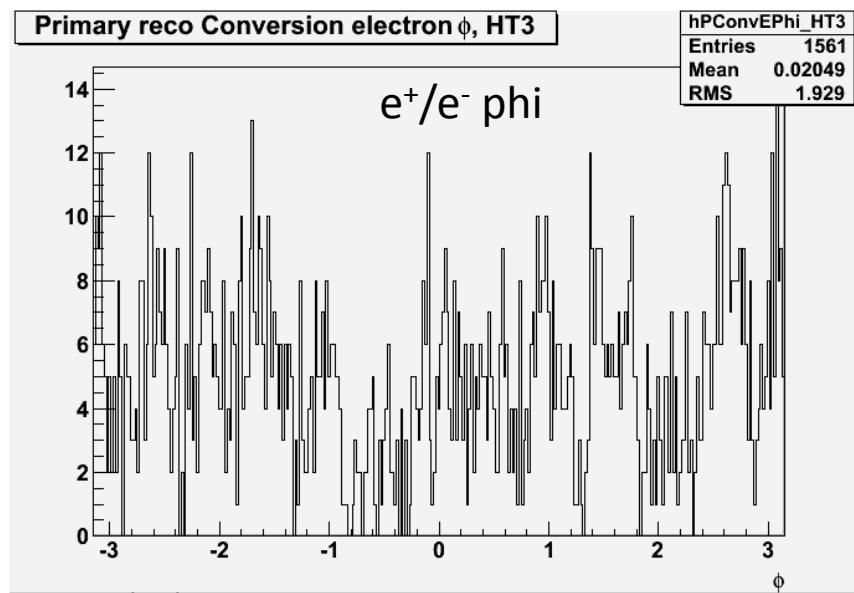

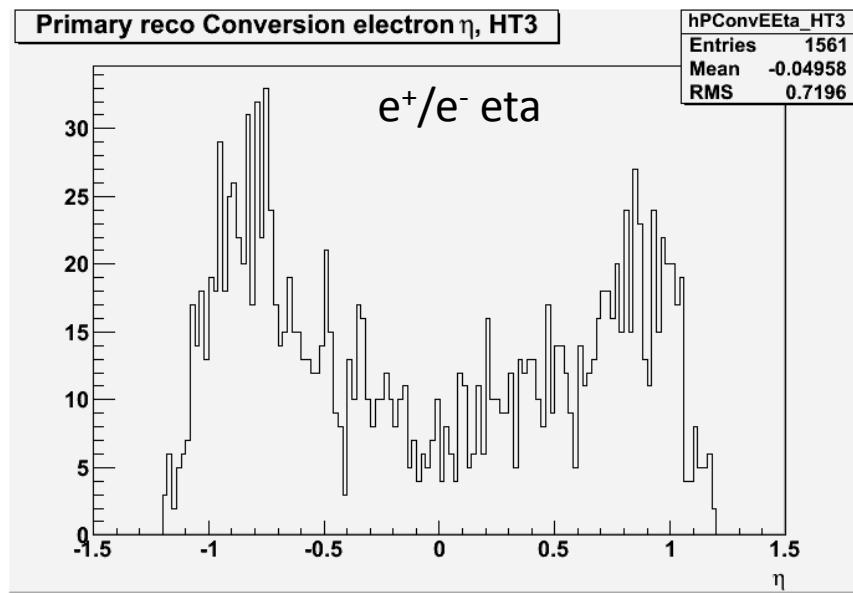

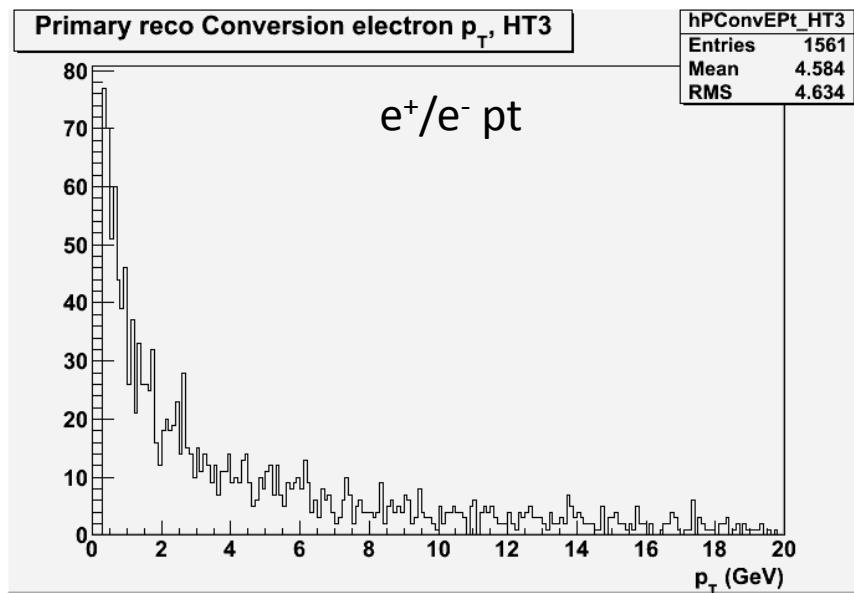

e^+e^- phi

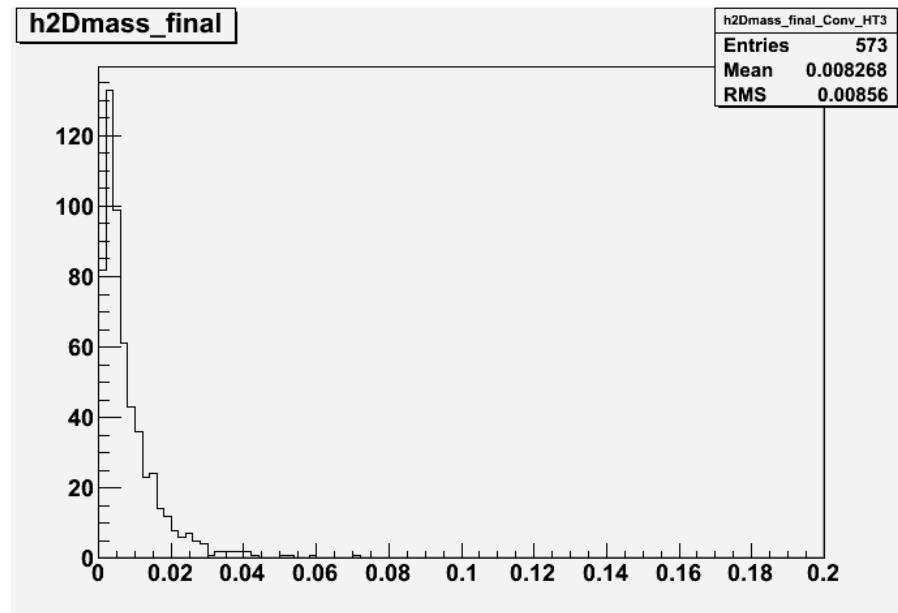

e^+e^- eta

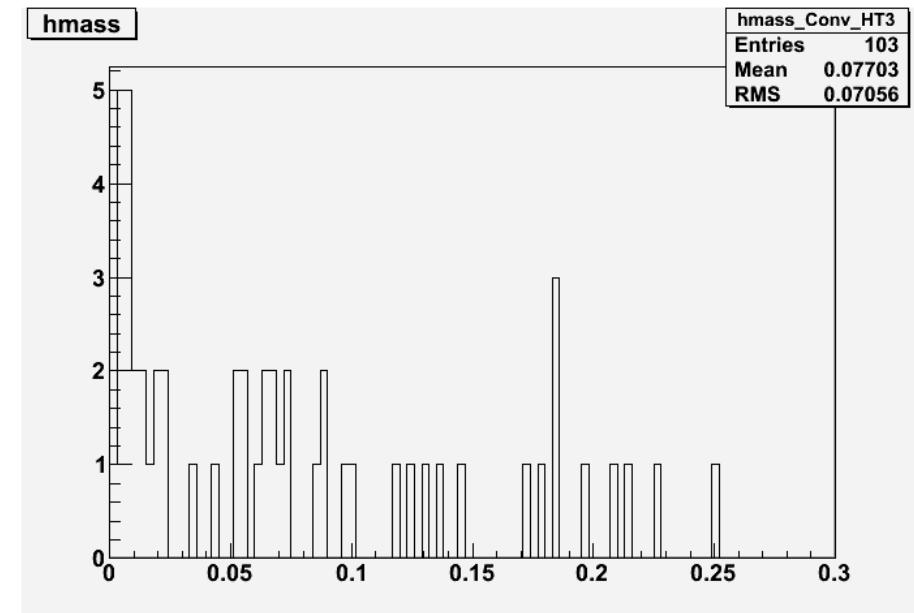

Reco e^-/e^+ pt & eta & phi & poe distribution

2D & 3D Invariant mass of reco e^+e^- distribution

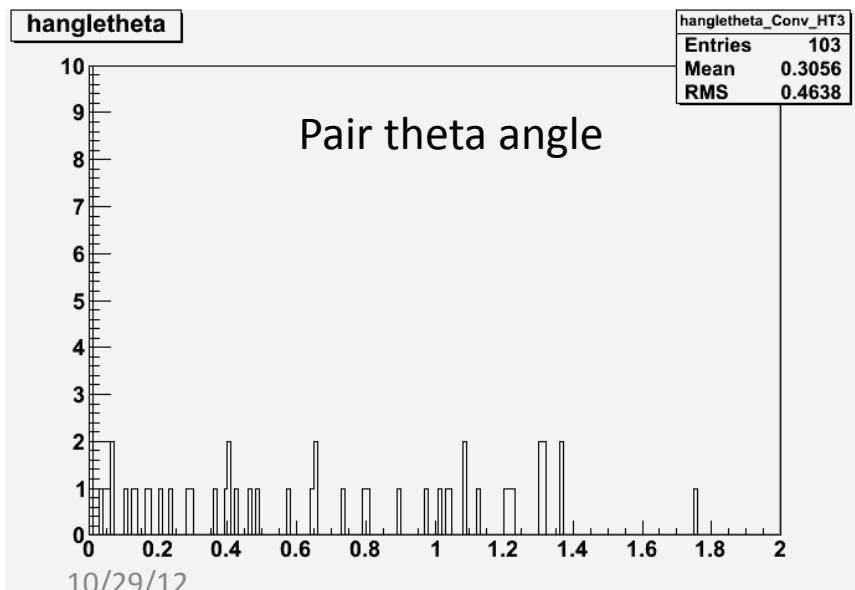

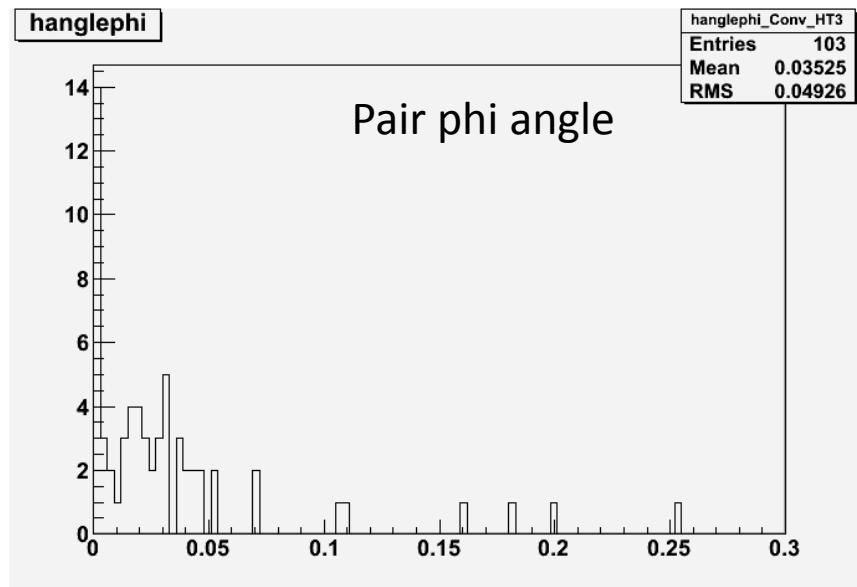

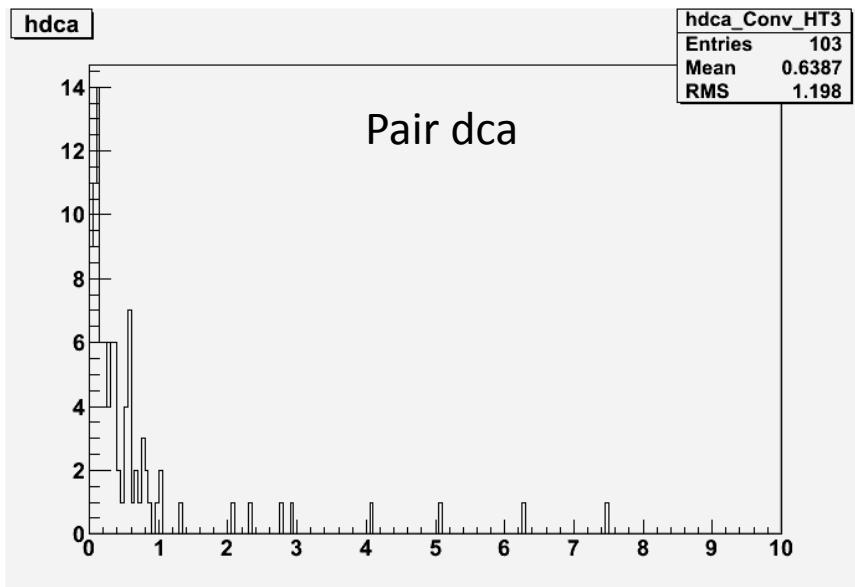

2D invariant mass

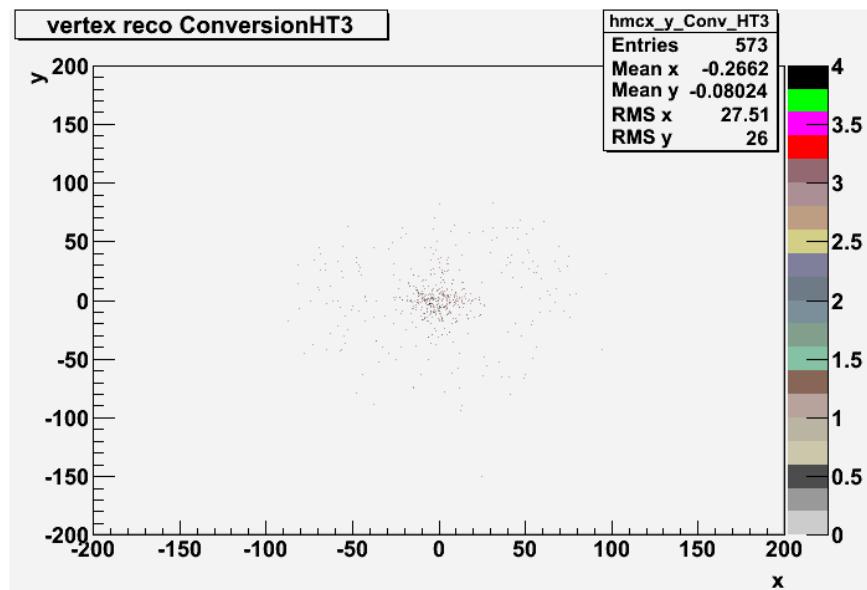

3D invariant mass

Reco e+e- pair dca & theta & phi distribution

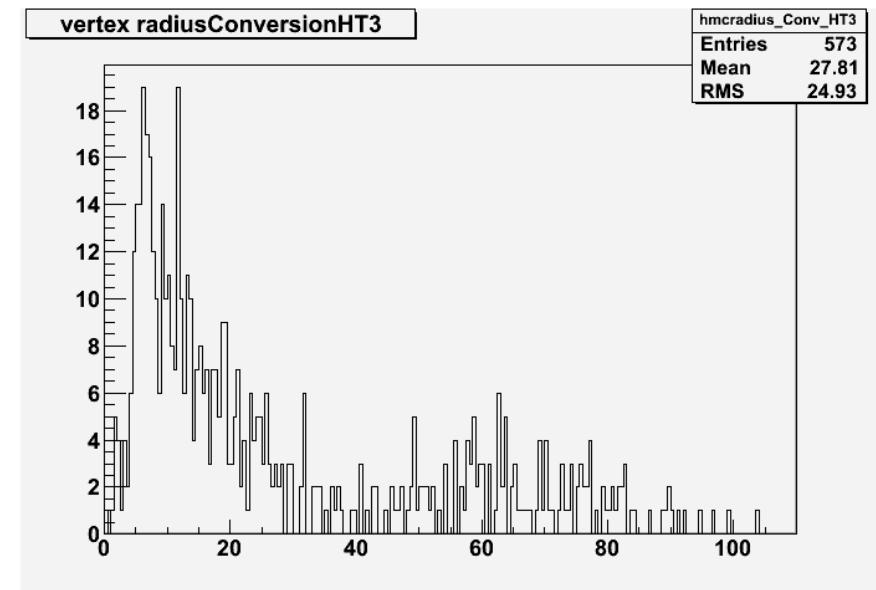

10/29/12

Gamma conversion vertex_xy & radius distribution

Gamma conversion vertex_xy

Gamma conversion radius
